

Name:

Grade:

	strength	needs improvement
Shallow depth of field	Nice sharp focus in one area, other areas out of focus	Either nothing in focus or everything in focus
Greater depth of field	Everything in focus	Part of image not in focus
Frozen motion	Action is frozen, with no blur	Some blur is shown
Blurred motion	Background is crisp and sharp and only moving object is blurred	Background is blurred as well. need to use tripod or stabilize camera another way.
Clutter	none	some
Composition	Good use of line, shape, texture, etc.	Less use of line, shape, texture, etc
Active choices	Interesting angles, distance, eyespace, lighting, shadows, rule of 3rds, etc	Shot straight on without use of active choices.
Space	Sense of space by showing things different distances away (foreground / middleground / background)	flat
Color / exposure	Color balanced or full range of tones from black to white	Color balance off or missing full range of tones from black to white
Effort	Took extensive time to plan and take	Little evidence of time spent
